

**REMARKS**

By the present Preliminary Amendment, the abstract has been revised so that it is more inline with the provisions of 37 C.F.R. §1.72(b) and MPEP §608.01(b). In addition, claims 1-10 have been canceled without prejudice or disclaimer and new claims 11-27 have been added. The new claims define substantially the same substance as the original claims, but without using multiple dependency and using format that is more common in U.S. practice. No new matter has been introduced by these changes.

Favorable consideration on the merits is requested.

Should any questions arise in connection with this application, the undersigned respectfully requests that he be contacted at the number indicated below.

Respectfully submitted,
